MAINZ EUROPEAN SCHOOL OF MINIMALLY INVASIVE THORACIC SURGERY

SUMMER SCHOOL

DEAR COLLEAGUES,

on behalf of the German Society for Thoracic Surgery and the Department of Thoracic Surgery of the University Medical Center Mainz it is my honor and pleasure to invite you to extension series of the **MAINZ EUROPEAN SCHOOL OF MINIMALLY INVASIVE THORACIC SURGERY**.

In the Summer School edition, we will address four more hot topics in minimally invasive thoracic surgery. This time we will discuss topics that are more advanced and more advanced techniques. In order not to lose the trainees view on these topics, we have included an additional trainee panelist. The established structure of the series will not be changed otherwise.

We are looking forward to welcome you all in the Summer Edition of the School.

Don't hesitate to register – it's free of charge.

THE MAINZ SCHOOL AT A GLANCE:

TOPIC: Step by step teaching of minimally invasive procedures uVATS, RATS, Nuss

TARGET AUDIENCE: Junior thoracic surgeons in training and thoracic surgeons with a special interest in uVATS anatomical resection and mediastinal surgery

FORMAT: Series of webinars and a completing hands-on course Interaction with Q&A is endorsed

SPEAKERS AND PANEL: Internationally recognized experts

REGISTRATION AND COSTS: Each webinar can be booked separately and is free of charge

On behalf of the organizing group
ERIC ROESSNER
