Online course for thoracic surgeons

# MAINZ EUROPEAN SCHOOL OF MINIMALLY INVASIVE THORACIC SURGERY

International Speakers  
Panel-Discussions

**Chair:** Eric Dominic Roessner, M.D., Ph.D., FEBTS  
Department of Thoracic Surgery, Center for Thoracic Diseases,  
University Medical Center Mainz

# MAINZ EUROPEAN SCHOOL OF MINIMALLY INVASIVE THORACIC SURGERY

DEAR COLLEAGUES,

on behalf of the German Society for Thoracic Surgery (DGT), the Spanish Society for Thoracic Surgery (SECT) and the Department of Thoracic Surgery, Center for Thoracic Diseases of the University Medical Center Mainz it is our honor and pleasure to invite you the 2024 series of the **MAINZ EUROPEAN SCHOOL OF MINIMALLY INVASIVE THORACIC SURGERY**.

This year we will focus again on the topics which are highly relevant for senior trainees and junior independent surgeons with a special interest in modern minimally invasive techniques such as uniportal VATS and RATS.

The first two sessions in February will cover some of the hottest topics in modern thoracic surgery: Neoadjuvant treatment and ERAS. Then the presentation will cover basic uVATS lobectomies which are followed by several presentations on VATS segmentectomies. And the year will be closed with talks on robotic mediastinal and pulmonary resections.

Together with our panelist we are aiming for an intensive discussion with you, the audience. We are looking forward to welcome you all to 2024 series of the Mainz School! Do not hesitate to register – it is free of charge!

On behalf of the organizing group  
**ERIC ROESSNER, CARLOS GÁLVEZ AND RAFAEL ANDRADE**

## THE MAINZ SCHOOL AT A GLANCE:

**TOPIC:** Hot topics in thoracic surgery, step by step teaching of minimally invasive procedures uVATS lobectomies and segmentectomies, RATS procedures

**TARGET AUDIENCE:** Junior thoracic surgeons in training and thoracic surgeons with a special interest in uVATS anatomical resection and mediastinal surgery

**FORMAT:** Series of webinars and a completing hands-on course Interaction with Q&A is endorsed

**SPEAKERS AND PANEL:** Internationally recognized experts from Europe and Asia

**REGISTRATION AND COSTS:** Each webinar can be booked separately and it is free of charge

DATE	TOPIC	PRESENTER	PANEL
07/02/24	Lights and shadows in neoadjuvant treatment	Carlos Gálvez Muñoz, Alicante	Gudrun Absenger, Graz Irene Bello Rodríguez, Barcelona
21/02/24	ERAS – lessons learned	Tim Batchelor, Bristol	Jens Neudecker, Berlin Clarissa Baldotto, Rio de Janeiro
06/03/24	Step by step uVATS upper lobectomies	Eric Roessner, Mainz	José Miguel Clavero, Las Condes Giovanna Foschini, Girona
20/03/24	Step by step uVATS lower lobectomies	Rafael Andrade, Minnesota	Mareike Graff, Berlin Roberto Mongil Poce, Málaga
17/04/24	Step by step uVATS lymph node dissection	Gerardo Andrés Obeso Carillo, Abu Dhabi	Hans Hoffmann, München Enrique Guzman, Alvaro Obregon
08/05/24	Advanced VATS for sleeve resection	Sergio Bolufer Nadal, Alicante	Servet Bölükbas, Essen Santiago Figueroa Almánzar, Valencia
05/06/24	Sublobar resection: how to identify the correct segment and intersegmental plane	Kelvin Lau, London	Hauke Winter, Heidelberg Eduardo Rivo, Santiago de Compostela
12/06/24	Evidence behind sublobar resections: lobectomy vs. segmentectomy	Eric Lim, London tba	Johannes Bodner, München Carlos Gálvez Muñoz, Alicante
25/09/24	Step by step simple segmentectomies (S1 and S6)	Tomaz Stupnik, Ljubljana	Stéphane Collaud, Köln María Teresa Gómez Hernández, Salamanca
09/10/24	Step by step complex upper segmentectomies (S2, S3, S1+2, combinations)	Paula Ugalde, Boston	Thomas Graeter, Löwenstein Carlos Alberto Araújo, Natal
06/11/24	Step by step complex lower segmentectomies	Karel Přeuty, Saint-Brieuc	Erich Hecker, Herne Sergio Bolufer Nadal, Alicante
20/11/24	Thymic Surgery	Jens-C. Rückert, Berlin	Tomás Gustavo Núñez, Buenos Aires Silvana Crowley, Madrid
04/12/24	Step by step RATS upper lobectomies	Marion Durand, Neuilly-sur-Seine	Matthias Steinert, Leipzig Anna Ureña, Barcelona
11/12/24	Step by step RATS lower lobectomies	Ilies Bouabdallah, Marseille	Hans Michael Frank Schweigert, Kiel Pau Rodriguez Taboada, Barcelona

Each event will take place 6:00 to 7:00 pm CET.
